Request for Information

I write further to your request FOI ID 49278 under the Freedom of Information Act 2000 regarding: -

We are currently doing a service development project in our team looking at the referrals and initial assessment data in the Thurrock area. We have fewer referrals in this area compared to other areas we cover in Essex and we were wondering if you have noticed similar trends to us in West Kent close to Thurrock?

How many of those referrals go on to have an initial assessment or if they decline an assessment please

Your request is set out below:

Please find below our referral data for referrals that have gone on to have initial assessments. The first and third table show trust wide figures and the second and forth table show figures for clients within DGS which is our closest locality to Thurrock.

We do not collate data in relation to 'if a patient has declined an assessment' so unfortunately, we are unable to provide that element of your request.
