- Other Partner services (MH or otherwise) which individuals were referred on to (by CJLADS)?

The Trust holds a list of other possible partner agencies that individuals could be referred onto however, in order to break down what partner agencies individuals have been referred to over the last six months would require a manual exercise and review of individual records and would exceed the appropriate time limits, as per the Freedom of Information Act 2000 section 12(1) which does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the appropriate limit.

We have attached a redacted copy of the services directory that is used by CJLADS when considering referrals to partner organisations.

It would be helpful to have a 6-month snapshot of demand, in terms of those going through the Custody / CJLADS process – between 1st April to 31st October this year.

I confirm that the information above completes your request under the Freedom of Information Act 2000. I am also pleased to confirm that no charge will be made for this request.

If you have any questions or concerns or are unhappy with the response provided or the service you have received you can write to the Head of Information Governance at the address on top of this letter. If you are not content with the outcome of your complaint, you may apply directly to the Information Commissioner for a decision.

Yours Sincerely

On Behalf of
The Information Governance Department
